At the Secondary authentication window, type *push* and check the *Save settings* box.

Click the *Connect* button to send an authentication request to your previously configured Duo mobile device.

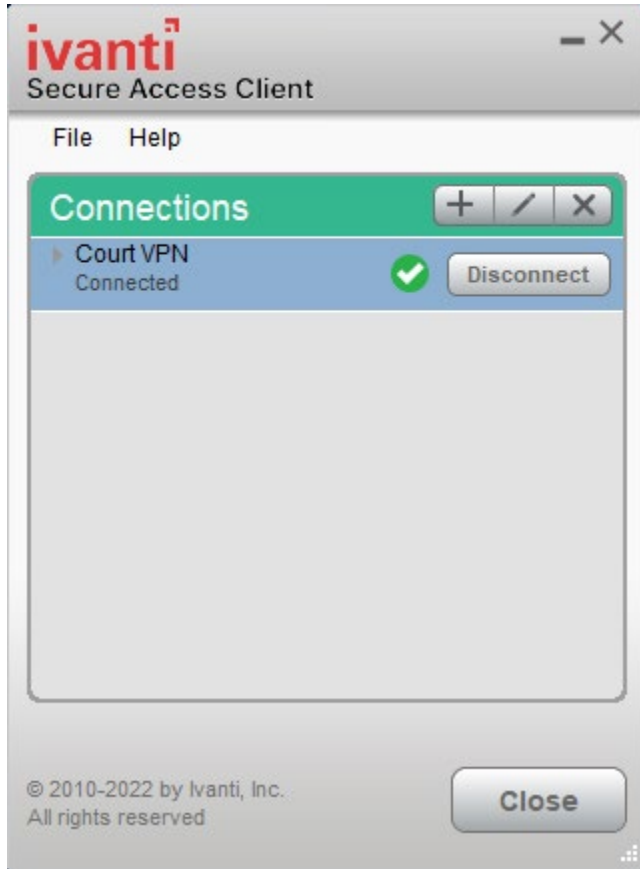

The screenshot shows the Ivanti Secure Access Client interface. At the top left is the Ivanti logo and the text "Secure Access Client". Below this, it says "Connect to: Court VPN". A message box with a question mark icon contains the text: "Provide the following credentials to complete the connection." Below the message box are two input fields: "Secondary User Name:" with the text "LuisVega" entered, and "Secondary Password:" which is currently empty. Below the password field is a checkbox labeled "Save settings" which is unchecked. At the bottom right are two buttons: "Connect" (highlighted in green) and "Cancel".
